

OFFICE OF THE DISTRICT MANAGER
O.S.C.S.C. LTD., ANGUL

No. 3324 / Dt. 10.9.24

Corrigendum Notice

Appointment of Transport Contractor for Transportation of Paddy from PPC to rice mill & CMR from Mill point to RRC-cum-DSCs for the KMS 2024-25
Tender Notice No. 2962 to 2965 Dt. 23.08.2024

In pursuance to Corporation Head Office Letter No- 10685 Dt. 05.09.2024, latest Minimum Threshold Parameters (MTPs) prescribed by the Government of India (Gol), it is mandatory that all paddy and CMR transport vehicles be equipped with GPS tracking devices. The following points are incorporated in the Tender documents i.e **Point No-2. Description of work (Paddy & CMR)** for KMS 2024-25 meticulously.

1. As per Minimum Threshold Parameters communicated by Govt. of India, Vehicle tracking system is mandatory for paddy transportation from PPCs to Mills and CMR from Mill to Depot. for this purpose the OSCSC Ltd. has introduced Vehicle Tracking System from KMS 2024-25 (Kharif) onwards in all Districts to monitor the movement of Paddy purchased from PPCs to Tagged Rice Mills and CMR transportation from Mill to Depot. The Paddy and CMR Transport contractor required to install with GPS devices in vehicles at their own cost. The details of the empanelled Agency /vendors appointed for this purpose are available in the Transport Department website i.e. odishatransport.gov.in and vltd.odishatransport.gov.in.
2. The Contractor should have sufficient GPS devices on hand as backup, to be utilized for additional vehicles or in the event of technical problems arising in the already installed GPS of the used vehicle.
3. It will be the responsibility of the contractor to check the battery charge and viability of every GPS (magnetic device) before attaching the device for paddy and CMR transport vehicles before undertaking the transportation of stocks.
